

# PwC Dispute Resolution Services

**At PwC, our purpose is to build trust in society and solve important problems.** For over 25 years, we have been working with clients to establish the facts, analyse the issues and develop their dispute resolution strategy. Our specialist team advises on the financial, economic and valuation aspects of claims, assists clients through the dispute resolution process and provides independent expert testimony. We work on a wide range of disputes including litigation, arbitration, mediation, expert determination and regulatory matters.

Our strength comes not only from our forensic accounting expertise but how we combine with valuation, economic and industry specialists across the global PwC network to respond to your needs. Whether you are already in or contemplating a dispute, we work with you to plan the best response and deal with it effectively. If matters do go to trial, we can help you every step of the way.
