

# PwC's City

📍 Hall N5, booth N5.ICA02

**12noon**

## **Plan for the future the digital way**

You are thinking of buying some insurance products for yourself and your family. Which ones do you get?

Planning your future is as simple as identifying your priorities and leaning on the wisdom and experience of the connected world.

**2pm**

## **Going shopping: Empower yourself**

Worried about the authenticity and safety of infant formula?

Air Trace empowers you to have confidence in the products you buy.

**4pm**

## **Manage your assets intelligently**

You are reviewing and enhancing your asset portfolio.

With Hackbot, you can now manage your portfolio more accurately, timely and cost efficiently.

**7am**

## **Best wake up experience**

Pepper, your AI-enabled humanoid personal assistant, gives you an update on the news and weather report. She has also planned the day based on your preferences and emotions.

**10am**

## **Beyond a car showroom: Experience AI-driven customer services**

You want to get a new car but not sure which model suits you best.

Just ask Var, our AI humanoid robot, for suggestions and all-round customer services.

**6pm**

## **Fly an airplane and tour Hong Kong... in Shanghai**

Wear these VR glasses and get transported to another world from the comfort of an airline lounge.

**9pm**

## **While you've been away from the office.....**

RPA, your reliable work partner, has been working while you were away from the office. What you need to do now is just review a summary report generated by RPA.

**Mobile World Congress Shanghai 2018**
